Re: United States of America v. Julio Marin  
Criminal No. 05CR30039-MAP  
Non-motion

Dear Ms. Healy:

This is to notify the court as to the status of Julio Marin's ability to view the DVD and CD discovery. I had been told that the Franklin jail experienced some equipment problems. But today, I tested their laptop and found it worked well. An arrangement has been made at the jail which (assuming the equipment holds up) should allow Mr. Marin to complete viewing the discovery with in two or three weeks. If I become aware of any significant problems, I will inform the court accordingly.

Please note that the January 20 hearing date established by the court's order of January 3 is an inconvenience for me as I expect to be out of town. In the next few days, I plan to contact the government's attorney and file a motion for a continuance.

Thank you.

Very truly yours,

Myles Jacobson
